

## Ronda Bowl Short 360 ml White 1-Comp, 400 pcs/box (16 x 25 pcs)

Like nature, the new Ronda range comes in all shapes and sizes. We dare to say it's probably the most versatile sustainable bowl offer on the market. The paper bowls and lids are made of FSC™-certified paperboard with a plant-based PLA bioplastic coating, certified industrially compostable and can be recycled as paper after use. You can use the bowls for hot and cold food, even put them in the microwave, and they're grease and water-resistant too. The optional transparent lids are made from 100% post-consumer recycled PET (RPET), and can be recycled again after use.

- Bowls and paperboard lids certified industrially compostable
- Bowls and paperboard lids made from renewable material
- Bowls and paperboard lids made from FSC™ certified material
- RPET lids made from 100% recycled material
- Bowls and paperboard lids with biobased lamination
- Excellent stackability
- Water & grease resistant
